TECHNICAL VISITS

Visit 1. Albufera Lagoon

The lagoon of Valencia is located about 15 km south of the city separated by a stretch of land from the Mediterranean Sea. It is a natural park full of fauna, surrounded by rice fields. It is characterized by the presence of the so-called barracas, thatched huts on earthen walls, which are the symbol of the city of Valencia, despite the few remaining specimens. You will visit the Interpretation Center of the Natural Park, the island of El Palmar and some existing barracas in its perimeter and center of the city.

Meeting point: at Gate O of the UPV complex
Means of transportation: bus

09.00 - 14.00

*Bus and snacks included.

Visit 2. Ademuz Area

El Rincón de Ademuz is a region of the Valencian Community hidden in a valley that has largely preserved the traditional character of its vernacular architecture built with gypsum pillars, gypsum-poured jack arched floors, walls of stone slabs bonded with gypsum and tiled roofs. You will visit the village of Sesga with several buildings (300 years old house, bread oven, school, barbershop, tile kiln, laundry, trough, gypsum kiln, etc.), whose restoration in some cases received the 1st European Union Award for Cultural Heritage / Europa Nostra.

Meeting point: 8.00 at Gate O of the UPV complex
Means of transportation: bus

08.00 - 20.00

*Bus and snacks included.

*In case of unfavorable weather conditions, any changes will be notified

Visit 3. Utiel

Utiel is a small town located 60 km from Valencia in the center of a huge expanse of vines dedicated to the production of wine. A large part of the houses in the historic center have underground cellars of great antiquity, with their large jars dedicated to the conservation of wine. The visit will stop at several underground cellars, where the WEDoVer Utiel-2022 will have been held, whose drawings will be exhibited at the Heritage2022 congress.

08.00 - 18.00

Meeting point: 8.00 at Gate O of the UPV complex
Means of transportation: bus
